(54) INTERNET FACSIMILE TERMINAL

(57) Abstract:

PROBLEM TO BE SOLVED: To provide Internet facsimile terminal which can safely and inexpensively keep picture data of a transmitted/received original and, more desirably, efficiently operate and manage kept picture data.

SOLUTION: Internet facsimile terminal is provided with a function for transmitting/receiving picture data as an attached file of electronic mail and a function for transmitting/receiving facsimiles. The terminal is provided with a means for transmitting transmitted/received picture data to a prescribed mail address for an archive as the attached file of the electronic mail.

LEGAL STATUS

[Date of request for examination] 17.10.2002

[Date of sending the examiner's decision of rejection] 14.04.2005

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
